### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

#### **Abstract:**

Line 1: changed "A fluid ejection device comprising" to --A fluid ejection device having--.

#### **Claims:**

Claims 35-42 are cancelled.

### ***Election/Restrictions***

The elected invention is allowable; therefore, the withdrawn claims depending on allowed independent claims have been rejoined. These claims include 3, 5, and 45-50.

The following is an examiner's statement of reasons for allowance: prior art does not teach or suggest "a substrate; a first fluid feed slot formed in the substrate and having a first fluid feed slot edge; first firing resistors disposed along the first fluid feed slot and first nozzle openings each associated with one of the first firing resistors, wherein the first firing resistors are configured to respond to a first current to heat fluid

provided by the first fluid feed slot via a fluid path and eject the fluid from the associated one of the first nozzle openings; first conductive leads extending to respective ones of the first firing resistors, and second conductive leads extending from respective ones of the first firing resistors; and a reference conductor formed on the substrate and configured to conduct the first current from the first firing resistors, wherein the reference conductor is disposed between adjacent ones of the first firing resistors as associated with respective ones of the first nozzle openings, between the first conductive leads and the second conductive leads of one of the first firing resistors and the first conductive leads and the second conductive leads of an adjacent one of the first firing resistors, and under the fluid path in an area between the first fluid feed slot edge and the first firing resistors".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
